Re: Renovation/construction of our offices

Dear Ms. Richards

Please accept this letter as a token of our sincere appreciation for all the hard work your company put into our offices.

We are so pleased with the outcome and how nice the office space looks in comparison to what we have had over the past 13 years or so. The work itself was completed with very little disruption and the workmen were most courteous and professional.

A special thank you to Jean-Guy Levesque, your site supervisor, who made sure the work was completed on time, to our satisfaction and he did so with a smile. This man is a true professional in his field and someone who knows the meaning of hard work. He worked diligently beside his men and in my opinion kept this project ahead of schedule. We truly appreciated him and his team.

Again, on behalf of the National Parole Board and its employees, thank you for a job well done!

Yours truly,

Brian Chase
